A Retreat of ELEGANCE *and* HARMONY

The **Meteorite House**, **Usva House**, and **UFO Mini-House** exemplify the finest Nordic design offering exclusive privacy and cultural experiences designed to captivate travelers seeking a premium retreat.

Usva House is a harmonious blend of Finnish and Japanese architectural influences, showcasing both traditional craftsmanship and contemporary wooden design.

The interiors feature a soothing palette of light-toned wood, creating a serene atmosphere. Handpicked Finnish furniture and textiles add texture, while the banquet hall's art tapestries, velvet-upholstered benches, and luxurious wool rugs exude understated opulence.

- **Ground Floor:** A grand banquet hall, open-plan kitchen and dining area, library, TV lounge, cozy fireplace room, two restrooms, and a luxurious sauna.
 - Accessible entrance and an optional ground-floor bedroom.
- **Upper Floor:** Three elegant bedrooms and a spacious lounge area with breathtaking views of the spruce forest.

The Meteorite and the UFO Houses: Habitable Works of Art

Featured in renowned international design and architecture publications, The Meteorite House (2020) and the UFO Minihouse (2022) are conceptual masterpieces designed by Ateljé Sotamaa.

Entirely private, these inhabitable wooden artwork are an ideal space for creative work, brainstorming, or deep relaxation.

The Kosmos Private Resort includes a garage with a charging station and storage for outdoor equipment. Guests also have access to a music room adjacent to the garage, equipped with a practice piano, perfect for private singing lessons or musical workshops.

Enhance Your Stay with Additional Services
